

# ICINT 2024

2024 9th International Conference on Information and Network Technologies (ICINT 2024) aims to provide a leading international forum for researchers, practitioners, and professionals from the industry, academia and government to share their new ideas, progresses and achievements in information and network technologies and related fields. ICINT 2024 will be held in Tokyo, Japan during May 24-26, 2024, which is co-sponsored by Kogakuin University and University of the Ryukyus.

The conference calls for high-quality, original research papers in the theory and practice of information and network technologies. The conference also solicits proposals focusing on frontier research, new ideas and paradigms in information and networking technologies.

## Call For Papers

The main topics of interest include, but are not limited to:

- Artificial Intelligence
- Bio-inspired Computing and Applications
- Computer Architecture & VLSI
- Computer Security
- Data Communications
- Data mining applications
- Digital Signal and Image Processing
- Expert Systems
- Information Systems
- Wireless Sensor Networks
- Artificial Intelligence
- Database & Data Mining
- Computer Networks & Communications
- Computer Architecture
- Parallel & Distributed Systems
- E-Commerce
- Computer and network Security
- Software Engineering
- Distance Learning and e-education
- Algorithms & Applications
- Neural Networks
- Computer Simulation
- Natural Language Processing
- Machine Learning
- Hardware Computer Design
- Media and Societal Innovation
- E-Education
